

Amendments to the Claims:

Listing of Claims:

1. (Currently Amended) A method of treatment of a scar comprising alternately applying a low-viscosity topical fluid silicone gel which is capable of being dispensed from a squeeze tube not released from silicone gel sheeting to the scar, and applying silicone gel sheeting to the scar. 0.6

2. (Currently Amended) The method of claim 1 wherein the step of applying a topical fluid silicone gel not released from silicone gel sheeting to the scar further comprising includes wiping off the excess low-viscosity fluid silicone gel to leave a thin layer of the low-viscosity fluid silicone gel on the scar. 8.4

3. (Cancelled)

DI 4. (Currently Amended) ~~The method of claim 1 further comprising~~ A method of treatment of a scar comprising treating the scar with laser therapy, and applying a topical fluid silicone gel not released from silicone gel sheeting to the scar. New

5. (Original) The method of claim 4 wherein the step of treating the scar with laser therapy comprises treating the scar with flash lamp pumped pulse dye laser therapy.

6. (Original) The method of claim 4 wherein the step of treating the scar with laser therapy comprises treating the scar with laser therapy with energy densities ranging from about 6.0 joules per centimeter squared to about 7.5 joules per centimeter squared.

7. (Original) The method of claim 4 wherein the step of treating the scar with laser therapy comprises treating the scar with laser therapy with spot sizes in the range of about 5 mm. to about 7 mm.

8. (Original) The method of claim 4 wherein the step of treating the scar with laser therapy comprises treating the scar with laser therapy with energy having wavelengths in the range of about 585 nm.)

9. (Original) The method of claim 4 wherein the step of treating the scar with laser therapy comprises treating the scar with long pulsed laser therapy.)

10. (Original) The method of claim 9 wherein the step of treating the scar with laser therapy comprises treating the scar with pulsed laser therapy having pulse widths in the range of about 50 milliseconds.

delete
11. (Original) The method of claim 10 wherein the step of treating the scar with laser therapy comprises treating the scar with laser therapy with spot sizes in the range of about 5 mm.

12. (Original) The method of claim 4 wherein the step of treating the scar with laser therapy comprises treating the scar with laser therapy with energy having wavelengths in the range of about 532 nm.
